SUPPLEMENTAL AGENDA

67-A. Addressing the County's Need for Additional Mental Health Treatment Beds

Recommendation as submitted by Supervisor Kuehl: Direct the Chief Executive Officer to immediately explore with the owner of 11600 Eldridge Avenue in Lake View Terrace, a former 150-bed residential treatment facility, the appropriate path including, without limitation, a lease with an option to purchase or exclusive negotiation agreement, which will allow the County to temporarily secure the property while the County performs the appropriate due diligence and evaluation of the site; and find that the recommended action is either not a project or is exempt from the California Environmental Quality Act. 67-D. Support Legislation to Modernize the California Retail Food Code to Create Opportunities for Sidewalk Food Vendors

Recommendation as submitted by Supervisor Solis: Instruct the Director of Public Health to report back to the Board in 120 days with strategies the Department of Public Health (DPH) can implement to improve sidewalk vendor access to permits including, but not limited to:

Creating new materials summarizing application requirements that are specific to sidewalk vending, using popular education and accessible language;

In consultation with County Counsel and with the identification of additional revenues by the Chief Executive Officer, assess the legality and cost implication of waiving or reducing permit fees for low-income applicants;

Streamlining the permit application process, including coordinating permit prerequisites and establishing one-stop permit centers in neighborhoods with high levels of sidewalk vending;

Making food storage requirements feasible for small sidewalk vending operations within the parameters set by State law;

Evaluate and provide recommendation on how Cottage Food and Microenterprise Home Kitchen programs can be more inclusive of food vendors;

In consultation with other relevant Departments, develop a plan for identifying and activating underutilized kitchen spaces within the County that meet DPH guidelines and can act as immediate alternatives for vendors;

Exploring options for a pilot program, including an analysis of any necessary changes to State law, to allow several sidewalk vendors to operate in close proximity to an auxiliary sink unit, strategically placed on a County-owned parking lot in an area with a high concentration of vending, without requiring sinks on the primary unit;

In consultation with other relevant Departments and community-based organizations, recommendations to clarify plan check procedures and fee structure to catalyze the approval of new model cart design blueprints that will enable manufacturing of code-compliant affordable carts at a greater scale, allowing sidewalk vendors to purchase a cart that has already secured plan check approval and proceed directly to final inspection;

Creating a process for ensuring the safety of environmental health inspectors while addressing non-compliance, including options that do not involve the Sheriff's Department or other law enforcement and do not involve the seizure of vending carts and equipment;

Direct the County's Legislative Advocates in Sacramento, in collaboration with the Directors of Public Health and Consumer and Business Affairs, the Acting Director of Workforce Development, Aging and Community Services, and other relevant Departments, to support legislation to enact changes to the California Retail Food Code that will make it more sensitive to the context of sidewalk food vending while ensuring food safety, that can include, but not be limited to:

Streamlining approvals for code-compliant carts, including by giving more discretion to local health authorities to approve innovative design and encouraging the pre-approval of cart design blueprints to catalyze manufacturing of affordable sidewalk carts at a scale that meets the need;

Revising regulations around the slicing of fruits and vegetables and the hot-holding of prepared foods to establish clear and easy-to-follow safety protocols that account for the types of foods commonly sold by sidewalk vendors;

Simplifying onerous sink, power, water, fire safety and other equipment requirements; and

Creating a process for addressing non-compliance without criminal penalties; and

Instruct the Director of Public Health to work in collaboration with the Chief Executive Officer, to identify resources and funding necessary to carry out the above directives. (21-4503)
