SUPPLEMENTAL AGENDA

46-A. Safeguarding Children and Families Impacted by the Actions of U.S. Immigration and Customs Enforcement (ICE)

Recommendation as submitted by Supervisor Solis: Instruct the Director of Children and Family Services, in consultation with County Counsel, the Executive Director of the Office of Immigrant Affairs and relevant stakeholders, to create and begin implementing within seven days, a plan that includes the following:

Comprehensive and targeted outreach to recruit County residents, regardless of immigration status, to serve as caregivers for children affected by Federal immigration enforcement action, utilization of the Foster Parent Recruitment and Retention Support (FPRRS) allocation where feasible, and targeted outreach to inform relatives and family friends that immigration status alone is not a barrier to becoming a resource parent for a child in the foster care system and the FPRRS allocation provides tangible supports for families to ensure successful foster care placements;

Incorporation of Know Your Rights information into the training required of caregivers to become resource parents, as appropriate;

A description of how the Department of Children and Family Services will serve undocumented children affected by Federal immigration enforcement action, where appropriate;

Other strategies to support families, including biological parents, affected by Federal immigration action; and

Report back to the Board in writing in 30 days on the above; and

Direct the Chief Executive Officer, in consultation with County Counsel and the Executive Director of the Office of Immigrant Affairs, to ensure all County Departments providing emergency response services conduct enhanced outreach to encourage residents to continue
communicating with County Departments and access County services, where appropriate, in times of need and emergency without fear of the County cooperating with immigration officials and seek the expertise of the Superintendent of Schools for the Los Angeles County Office of Education on issues related to school attendance and trauma-informed instruction; notify all County Departments regarding the County’s continued non-cooperation with the United States Immigration and Customs Enforcement, unless required by law; and report back to the Board in writing in 30 days.
