

**STATEMENT OF DAVID GREEN  
CANDIDATE FOR SECOND MEMBER,  
BOARD OF INVESTMENTS**

Age: 49

Occupation: Children's Social Worker

It has been my honor to serve LA County workers and retirees for the past 8 years on our LACERA Board of Investments. And now, more than ever, we need to stay the course, stay strong and protect our retirement security in this rapidly changing economy.

Values and ethics define my life as a county worker and a family man. I'm a husband and proud father of two wonderful children. My work on the LACERA board has always been defined by making sure I am protecting their futures, as well as your future.

I am a proud member and Treasurer at SEIU 721. I studied micro and macroeconomics, markets, investments and business law, and later received my master's in social work from USC. I was recently humbled and honored to be elected Chairman of the LACERA Board of Investments by an unanimous vote of my colleagues on the board.

Our lives have changed dramatically over the past months, and you should not have to worry about your pension. I promise that if I am reelected, I will to continue to fight for our secure retirement every single day.

**I respectfully ask for your vote.**
