

**STATEMENT OF WILL PRYOR
CANDIDATE FOR FOURTH MEMBER,
BOARD OF INVESTMENTS**

Occupation: Fire Battalion Chief

My years on the LACERA boards have been led by one simple goal – **to protect your retirement**

The fight is not over. There are tens of billions of dollars at stake in moving your earned retirement to an inferior retirement plan, and there are companies that will spend huge amounts of money to make that happen.

Along with our corporate opponents are an army of politicians that will help them. Sadly, many times those same companies are asking to invest LACERA money and those politicians want your vote. It's time to call them out, and make sure our opponents know **we're here to protect our future.**

The County would like to reduce your pension to save money, the financial services sector would love to take LACERA savings - we need to **protect our own pension** from them, or nobody else will!

Please take the first step today in securing your retirement by giving me your vote for the Board of Retirement and Board of Investments.
