

STATEMENT OF DAVID GREEN
CANDIDATE FOR SECOND MEMBER,
BOARD OF INVESTMENTS

Age: 46

Occupation: Children's Social Worker

I was honored six years ago when County employees elected me to LACERA's Board of Investments. Since then, LACERA's value has grown from \$38 billion to \$50 billion. I was humbled and honored to be unanimously elected by my board colleagues to serve as LACERA Chair for our Board of Investments for the last two years.

My goals for the next three years include greater transparency and lowering our costs by renegotiating fees to outside managers.

My values and ethics define my life as a worker and a family man. I am a husband and proud father of two wonderful children. My work is defined by making sure I am protecting their futures, as well as the futures of all LA County employees.

I studied micro-and macroeconomics, markets, investments and business law, and later received my Masters in Social Work from USC.

I am committed to continue to fight for your secure retirement every day. I respectfully ask for your vote.
